

Agent of Harsonic Agri In South Africa

What is Harsonic®?

Harsonic is a **PERMANENT, CHEMICAL FREE** solution for the **REMOVAL OF BIOFILM**

Harsonic utilizes a **POWERFUL ULTRASOUND FREQUENCY** emitted by a transducer, and is upgraded further through the **HSTECHNIQUE**

Developed by engineers at the Harsonic company in Belgium, based on findings from **OVER 25 YEARS OF EXPERIENCE**

Harsonic **DESTROYS** existing biofilm and **PREVENTS** its formation. The removal of biofilm **REDUCES** the presence of bad bacteria in water systems.
